Order Fulfillment Manager Role & Responsibilities

Order Fulfillment Manager Role & Responsibilities

A brand's Order Fulfillment Manager (OFM) is the main point of contact for the ExpertVoice Customer Success Partner as well as the Expert Support Team. This can be for anything related to order processing and inventory management. It is important for a brand to process orders in a timely manner and keep inventory numbers up to date. This way Experts have a positive experience with the brand on ExpertVoice and ultimately become brand advocates for them after experiencing their products.

Main Role:

- Receive and fulfill orders in a timely, efficient manner
- Keep inventory levels up to date
- Responsible for processing refunds and cancellations as needed
- Assist with customer service questions either directly from the expert or ExpertVoice's Expert Support team
- Work with the Customer Success Partner to troubleshoot any issues

Best Practices:

- · Monitor orders via the Daily Order Summary email
- How often an OFM should be coming into the ExpertVoice admin to process orders is dependent on order volume. We recommend going in at least a couple times a week, but for high volume brands, orders should be processed on a daily basis. All orders should be processed within 7 days due to the card authorization window
- If inventory availability fluctuates regularly, the OFM should update the inventory file for ExpertVoice on a daily basis. Otherwise, we recommend updating inventory at least once a week

TrueCommerce Review

Workflow

Purchase Orders

NOTE: Once the Purchase Order(s) is generated, the credit card is authorized and orders *must be shipped within 168 hours (7-days)*!

Once a member makes a purchase(s) on Expertvoice, we generate the order that is sent to TrueCommerce and then into Shopify

Shipping

When the status of the order is updated to fulfilled in Shopify, it will trigger a Ship Notice document to be sent to Expertvoice. A Ship Notice will capture payment, finalize the order, and send shipment tracking information to the Expert.

NOTE: Once the Purchase Order(s) is generated, the credit card is authorized and orders *must be shipped within 168 hours (7-days)*!

🤌 Comment

Click **Comment** to add notes to an order.

- "Make note public" means the member will see the comment you input in their ExpertVoice profile
- "Email member" means the member will receive an email with the comment you input.

Uncheck both and only your employees with admin rights and ExpertVoice employees will see the comment.

NOTE: If a brand wants an Expert to get directly in-touch with them, then an email address/phone number in the order note *must* included.

Escalate to Finance

Ship No Capture means the item shipped and payment was not captured. Remember to finalize the order before shipping!

Partial Refunds Click Escalate to Finance, leave a comment and contact your CS partner for further instructions.

A Set Exception

Click **Set Exception** to flag a troubled order. Contact your CS partner with questions and concerns about an order. You can search orders by "Exception" in the order search dropdown.

NOTE: there are manual and automatic exceptions. Admin automatically sets an exception when an error occurs, typically with a credit card issue

Only If Shipping Across Deals is enabled

From the Order Summary Screen, some orders may have a "**Related Orders**" section.

ExpertVoice's *Shipping Across Deals* feature allows orders made across multiple deals or stores from your brand to be combined into one order, and therefore packaged and shipped as one shipment. This will reduce the expense of shipping by reducing the number of packages, as well as the time to pack and ship orders separately. Experts will only need to pay one shipping fee for these orders, making it even easier for them to order more products from your brand.

Click on Dropdown to see orders from the same Expert that can be shipped with a combined shipment. When possible strive to process and ship these related orders together.

When in doubt, contact your CS partner!

How to Renew an Expired Credit Card Authorization

How to Renew an Expired Credit Card Authorization

Follow these steps

1. Orders to reauthorize:

The **Daily Order Email** will identify which orders have expired authorizations and need to be renewed.

*Reminder that you should NOT renew an authorization until the original auth has expired. Renewing a non-expired auth will lead to the credit card being double-authed & may get declined if there aren't sufficient funds to cover both auths. You should also NOT renew an authorization until you know that the order will be ready to ship. A member can see each time their credit card is authorized.

From the home screen, click the "**Orders**" dropdown, select "**Orders to Fulfill**"

In the "Orders to Fulfill" screen:

- Search for the **Order ID** that needs to be reauthorized. Click Submit at the bottom
- Order will appear below
- Select the order
